

13 June 2019

Subject: Deeping Service Implementation and Charges.

Dear Partners; With due respect it's to inform that on 19th February 2019 we "CODE FOR HOST, INC" inform you about Bangladesh Telecommunication Regulatory Commission (BTRC) meeting about implement Deeping service for sending Transactional, OPT and Notification SMS at MNP Numbers with bulk SMS Aggregator. On 29th May 2019 we received mail from Telecom Operators with reference BTRC meeting munities of 28th June 2019, where it's strictly mention that all SMS Aggregator must have to connected with the MNP Service Provider / implement Deeping Service for using SMS service unless mobile operators will shut down the services of the Aggregators if the direction is not followed within 3rd June 2019. As a Bulk SMS Aggregator CODE FOR HOST, INC engaged an agreement with BTRC's MNP Service Provider.

After connected with the MNP Service Provider for "Deeping Service all masking SMS (Except Operator Based Campaign) cost become higher as some charges are fixed by BTRC and the MNP Service Provider and all of CODE FOR HOST, INC' direct customer and re-seller have to bare this additional charges from their end as we inform before mail dated 19th February 2019.

To enjoy service from CODE FOR HOST, INC **addition 0.10 taka (Ten Paisa)** per masking SMS will have to bears by CODE FOR HOST, INC' direct customer and re-seller. The price will be added with recent prices of CODE FOR HOST, INC' direct customer and re-seller effective from Zero Hour of 14th June 2019. Also kindly noted that within 15th June 2019 CODE FOR HOST, INC' have to submit report to both BTRC's authorized organization and Telecom Operators for all masking SMS traffic with Deeping Service implementation and number of Deeping queries.

Regarding this Deeping Service charges are only applicable for all kinds of Masking SMS send by CODE FOR HOST, INC' customer and re-seller except Operator/ Tower Based Campaign. For Non-masking SMS, till date we have not received any instruction from BTRC. If we received, we will inform accordingly.

For additional charges BTRC ask for an opinion from every bulk SMS service provider alone with their end user.

So, we are requesting you to submit your valuable feedback regarding obstacles and charges of - Deeping Service Implementation on company latter pad as soon as possible.

Best Regards

CODE FOR HOST INC
